Criterion 2 - Teaching-Learning and Evaluation

- 2.3.I Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

A REPORT ON

Student Centric

Teaching–Learning Process

Sadhan Chandra Mahavidyalaya

INTRODUCTION

Sadhan Chandra Mahavidyalaya, situated in a marginalized locality and affiliated with the University of Calcutta, is deeply committed to fostering enriched learning experiences through student-centric methodologies. The college primarily serves the marginalized community. This report details the various innovative teaching-learning approaches employed by the college to enhance student learning and development.

EXPERIENTIAL LEARNING

Sadhan Chandra Mahavidyalaya emphasizes experiential learning by actively involving students in hands-on activities, field trips, and practical experiments. These initiatives help reinforce theoretical knowledge through real-world applications, fostering critical thinking and problem-solving skills.

- Key activities include:

Principal
Sadhan Chandra Mahavidyalaya
Harindanga, South 24 Parganas-743504

Tree plantation by our student in the riverbank

Student experiencing classroom teaching at local primary school

Adult Literacy Camp by our students

Community Outreach

Students at Sadhan Chandra Mahavidyalaya actively participate in community outreach programs, where they engage with local communities to address social issues and provide assistance. These activities help students develop empathy, social responsibility, and practical problem-solving skills by directly interacting with and contributing to their communities.

Principal
Sadhan Chandra Mahavidyalaya
Harindanga, South 24 Parganas-743504

Student performance in Annual Cultural Programme 'Agomoni'

Student participating in college Annual Sports

Cultural & Sports Activities

The college organizes various cultural and sports activities that allow students to showcase their talents and foster a sense of unity and teamwork. Participating in these activities enhances students' physical and mental well-being, promotes cultural appreciation, and builds leadership and collaborative skills.

Bengali Department at Rabindranath Tagore's House

English Department at St. Paul's Cathedral

Political Science Department at West Bengal State Assembly House

Philosophy Department at Ramkrishna Mission Ashram

Educational Tours

Educational tours are an integral part of the learning experience, offering students the opportunity to explore new environments and gain insights beyond the classroom. These tours by our Departments provide hands-on learning experiences, exposing our students to different cultures, historical sites, and real-world applications of their academic subjects.

# Interaction via Instant Messaging Groups

At our college, integrating Instant Messaging applications into our teaching-learning practices exemplifies our commitment to ICT-enabled education. By using this digital communication tool, we ensure continuous interaction between students and teachers or mentors, which supports rapid doubt resolution, personalized guidance, and a more dynamic and responsive learning experience. This approach leverages information and communication technology (ICT) to enhance the accessibility, efficiency, and effectiveness of the educational process.

STUDENT-CENTRIC METHODS IN CURRICULUM

CC – 14 (Semester 6)
Basic Concept of Educational Research

Objectives:-

- Have a concept of educational research
- Learn about the various steps to be followed for conducting a research
- Learn how to write a research proposal and review research papers

Unit: 1 = **Concept of Educational Research**

- ➢ Definition, meaning and concept of research
- ➢ Educational research and its characteristics
- ➢ Types of Educational Research
- ➢ Problems, difficulties and ethics

Unit: 2 = **Basic elements of educational research**

- ➢ Literature review
- ➢ Problem selection
- ➢ Objectives, Research question and Hypothesis
- ➢ Tools of Data collection –types

Unit: 3 = **Data collection procedure**

- ➢ Sampling –concept and definition
- ➢ Types of sampling- Probability and non-probability
- ➢ Data reporting- Descriptive and Inferential (basic statistical procedure that come under each)
- ➢ Referencing and Bibliography

Unit: 4 = **Tutorial (Project/Term Paper centric)**

- ➢ Writing Research proposal (Within 1000 words) - Plan of Work– steps and review (atleast5)
